Cardiac Cath Lab Accreditation Consulting (ACC CCL)

Last reviewed October 2026 · https://www.integralhs.com/cardiac-cath-lab-accreditation

What to have ready

This is the list we would ask for first, each item tied to the text that requires it. All citations are to the ACCF Accreditation Services Program Requirements, REV 5.1 (posted 03/16/2026) unless noted.

- A choice of program variant from ACC's list: CCL, CCL with Primary PCI, or one of the Outpatient Center variants.
- Evidence of participation in the NCDR CathPCI Registry (CCL), or in that registry or the CV ASC Registry Suite for an outpatient center.
- A signed Accreditation / Certification Services Agreement, which binds the facility to the Program Requirements.
- The contacts REV 5.1 asks the facility to designate for each program: a Key Contact, Executive Sponsor, Invoicing/Payment Contact, Marketing Contact and at least one Accreditation User.
- Staff time to complete the Baseline Gap Analysis within sixty days of tool access.
- A work plan that gets the application in within twelve months of tool access.
- A budget line for the annual fee and for the travel costs of up to two ACCF staff members at each site review.
- For a renewal, a calendar date six months before your Anniversary Date for the re-accreditation application.
- A named owner for correcting deficiencies, since REV 5.1 says ACC gives a deficient facility instructions for coming into compliance.
