## What to have ready

None of this is a form to fill in here. It is the list we would ask for first, tied to the text that requires it.

- A decision on each delivery mode you will offer, because each needs its own application (DPRP Standards, June 2024 [https://www.cdc.gov/diabetes-prevention/media/pdfs/legacy/dprp-standards.pdf]).
- A Core phase schedule showing at least 16 weekly sessions over 16 to 26 weeks (DPRP Standards, June 2024 [https://www.cdc.gov/diabetes-prevention/media/pdfs/legacy/dprp-standards.pdf]).
- A participant data system that can report "every 6 months on all participants in all ongoing cohorts regardless of recognition status achieved" (DPRP Standards, Section K [https://www.cdc.gov/diabetes-prevention/media/pdfs/legacy/dprp-standards.pdf]).
- Your effective date and the first submission date it sets: a Pending organization "is expected to make its first data submission 6 months after its effective date" (DPRP Standards [https://www.cdc.gov/diabetes-prevention/media/pdfs/legacy/dprp-standards.pdf]).
- Your current recognition letter, showing Preliminary, Full or Full Plus, before any MDPP application (42 CFR 424.205(b)(1) [https://www.ecfr.gov/current/title-42/chapter-IV/subchapter-B/part-424/subpart-I/section-424.205]).
- A roster of "all coaches who will be furnishing MDPP services on the entity's behalf," kept current for submission through the enrollment application (42 CFR 424.205(b)(4) [https://www.ecfr.gov/current/title-42/chapter-IV/subchapter-B/part-424/subpart-I/section-424.205]).
- Preparation for screening "Upon initial enrollment, at a "high" categorical risk" (42 CFR 424.205(b)(3)(i) [https://www.ecfr.gov/current/title-42/chapter-IV/subchapter-B/part-424/subpart-I/section-424.205]).
- A revalidation date on your compliance calendar: the supplier "Revalidates its Medicare enrollment every 5 years after the effective date of enrollment" (42 CFR 424.205(b)(7) [https://www.ecfr.gov/current/title-42/chapter-IV/subchapter-B/part-424/subpart-I/section-424.205]).
- If you deliver only by distance learning, a note of the December 31, 2029 end date on the CMS flexibility you rely on (CMS, CY 2026 PFS Final Rule summary [https://www.cms.gov/priorities/innovation/medicare-diabetes-prevention-program-mdpp-expanded-model-supplier-resources]).
