What to have ready

- Your accreditation certificate and your accreditor's name, checked against the CMS approved list of DMEPOS accreditation organizations (CMS accreditation organizations list [<https://www.cms.gov/files/document/dmepos-accreditation-organizations.pdf>], updated January 9, 2026).
- Your resurvey calendar, given the annual reaccreditation sentence in the CMS fact sheet on CMS-1828-F (CMS fact sheet [<https://www.cms.gov/newsroom/fact-sheets/calendar-year-cy-2026-home-health-prospective-payment-system-final-rule-cms-1828-f>]).
- State and local licenses required for the services in a request for bids, per 42 CFR 414.414 (42 CFR 414.414 [<https://www.law.cornell.edu/cfr/text/42/414.414>]).
- A disclosure inventory of prior or current legal actions, sanctions, Medicare revocations, exclusions and debarments, because 42 CFR 414.414 has them certified in the bid.
- Accreditation status for any subcontractor, since 42 CFR 414.414(c) covers items furnished directly or as a subcontractor.
- A business credit report with a numerical credit score or rating, or the alternative for entities too new to have one (CMS fact sheet [<https://www.cms.gov/newsroom/fact-sheets/durable-medical-equipment-prosthetics-orthotics-supplies-competitive-bidding-program-updates>]).
- A surety quote for each competitive bidding area you plan to bid in, against the bond requirement in 42 CFR 414.412(g) (42 CFR 414.412 [<https://www.law.cornell.edu/cfr/text/42/414.412>]).
- A map of the Round 2028 categories you supply, including the Nationwide Remote Item Delivery Program coverage in the fact sheet.
- Portal access for your bidding entity in Connexion once CMS opens registration.
- An owner and calendar time for registration and the bid window, to be set once CMS announces the dates.
