Independent Diagnostic Testing Facility (IDTF) Medicare Enrollment Readiness Consulting

Last reviewed October 2026 · https://www.integralhs.com/idtf-medicare-enrollment-readiness

What to have ready

Each item ties to 42 CFR 410.33 (current eCFR text, up to date as of September 30, 2026) or CMS MLN909060 (February 2026).

- A short statement of how your business is independent of a physician's office and a hospital, matching the definition in MLN909060 [https://www.cms.gov/files/document/mln909060-independent-diagnostic-testing-facility.pdf].
- Your entity type: fixed location, mobile entity or individual nonphysician practitioner (42 CFR 410.33(a)(1) [https://www.ecfr.gov/current/title-42/chapter-IV/subchapter-B/part-410/subpart-B/section-410.33]).
- A list of every mobile unit, since "Each IDTF mobile unit must enroll separately" (MLN909060).
- A roster of supervising physicians showing how many IDTF sites each one covers, against the limit of three in 410.33(b)(1).
- A test list with the supervising physician and technician credentials for each test.
- Proof of a liability policy that meets 410.33(g)(6): "a comprehensive liability insurance policy of at least $300,000 per location that covers both the place of business and all customers and employees of the IDTF."
- The posted copy of the standards, which 410.33(g)(9) requires you to "Openly post."
- Your order-intake process, showing each procedure is "specifically ordered in writing by the physician who is treating the beneficiary" (410.33(d)).
- A site that is open and operational before you file the CMS-855B, and records kept ready for an unannounced site visit (MLN909060; 410.33(g)(14)).
- A change-reporting calendar with the 30-day and 90-day reporting windows from MLN909060.
