

TEAM Care Redesign Program Build for Hospitals in the CMS Mandatory Model

Last reviewed October 2026 · <https://www.integralhs.com/team-care-redesign-program-build>

What to have ready

This is IHS's planning list, built from the CMS page, the regulation text named above and 42 CFR 512.582 [<https://www.law.cornell.edu/cfr/text/42/512.582>] (page opened October 6, 2026). It is not a CMS list.

- Your hospital's entry on the CMS participant list, and your counsel's written reading of what it means for you.
- The track your hospital holds for performance year 1 (2026), and the date for any Track 1 or Track 2 request for performance year 2, under 42 CFR 512.520.
- A list of the five procedure types and the surgeons, units and discharge pathways that serve them.
- Your current discharge planning, case management and transition of care policies.
- Your post-acute partner list, covering home health, skilled nursing and rehabilitation relationships, with any written agreements.
- How your hospital now refers patients to primary care after discharge, and who owns that step.
- Your current quality monitoring reports for the five procedures and the committee that reviews them.
- Your counsel's reading of the FY 2027 final rule updates to TEAM policies.
